

MENC

18th Meeting of the

Middle East-European

2023

Neurointerventional Club

OCTOBER 18-20, 2023 / Belgrade, Serbia

EFMINT

Foundation of the
European Society of
Minimally Invasive Neurological Therapy

Registration for MENC 2023 – GRANT APPLICATION

The fee for registration is EUR 1200, including participation in all scientific sessions and accommodation in hotel Mona Plaza (the Congress venue) for two nights (October 18-20).

In concert with its mission of furthering neurointerventions in Europe and taking into consideration the special needs of professional education in Middle-East Europe, the European Board of Neurointerventions is offering free registration together with reimbursement of travel costs for up to 50 physicians. Travel reimbursement shall not exceed a maximum of EUR 400 per person.

In order to qualify for the grant, the applicant must be

1. a physician with a valid license to practice medicine in his/her relevant country
2. having radiology/ neuroradiology/ neurosurgery/neurology /neuroanaesthesiology/ neurointerventions as his/her principal professional activity.

To complete the application process the applicant must do the followings:

1. electronically complete the registration form on the website (www.menc2023.rs)
2. submit one or more abstract(s) to be presented during the meeting
3. submit his/her CV on the website

The organizing committee including the President of the meeting as well as representatives of the Board of EFMINT will scrutinize the applications and grant free registration and travel support to those who meet the above criteria up to 50 persons on a first come first serve basis.
